

## Erasmus Day in Karvina

The Czech Erasmus Day was to be held on October 15th. However, the schools had been unexpectedly closed on the 14th - what a pity.

Our team managed to write and send postcards, donated by the Czech NA, to our former and current project partners - we hope that these mails found their addressees and pleased our friends.

A notice board informing about the project was created in the entrance hall of the school. An exhibition of Czech logos proposed to the international competition is still to be installed.

### Other plans for the Erasmus Day were to:

- involve about 100 pupils aged 13 - 15 and teachers
- make four stands, each focusing on a different project
- promote former projects by ex-students who had participated in the activities
- show presentations and photos, lead discussions
- present our new project "Green Life"
- make a competition concerning the EU countries

We still believe that we will be able to organize the Day as soon as we come back to school.
